

 <p>COST COVERED 100%</p>	<h3>What is the Turnover Program?</h3>	<p>The Turnover Program is designed to help organizations quickly prepare units that need new flooring and paint before new tenants can move in. <i>The program focuses on replacing carpet with vinyl planking, which has a higher upfront cost but is far more durable and easier to keep clean—meaning long-term savings for HomeAid partners and dignified, healthy housing for your clients.</i></p>
 <p>COST COVERED 100%</p>	<h3>How much does it cost?</h3>	<p>Turnovers are fully funded by HomeAid and FREE to our partners.</p>
 <p>COST COVERED 100%</p>	<h3>Who can apply?</h3>	<p>Non-profit housing providers who have a unit that needs both new flooring and new paint—and only new flooring and paint—before the next client can move in.</p> <p>If significant drywall repairs are needed, the organization can apply after the drywall repairs have been taken care of.</p> <p>If there are more significant renovations needed (new kitchen/bathrooms, etc.), you should apply to our Shelter Care Program.</p> <p>All units should be vacant and ready for new flooring and paint with a lockbox for easy access for our trade partners when you submit your application.</p>
 <p>COST COVERED 100%</p>	<h3>How long does it take?</h3>	<p>The process takes a few weeks from start to finish.</p>
 <p>COST COVERED 100%</p>	<h3>What is the process</h3>	<p>After receiving a completed application, HomeAid will review it and complete a walk-through of the unit if needed. After the application is approved, HomeAid will contact flooring and paint contractors, schedule a time to measure the space, and complete the work. HomeAid will notify you once it is finished.</p>
 <p>COST COVERED 100%</p>	<h3>How do I apply?</h3>	<p>Complete the application <i>below</i> and return to HomeAid Executive Director & CEO Kristyn Burr at kburr@homeaidncr.org.</p>

TURNOVER APPLICATION

The turnover program is a new HomeAid National Capital Region initiative designed to help organizations prepare homes for new tenants by painting and replacing flooring. If your unit needs more substantial work beyond new paint/floors, you should complete a Shelter Care Application form instead.
