Guide to Being a Table Captain

HomeAid's Gala and Auction is a mission-driven fundraising event that helps us raise money to support our services and programs year-round. It brings together community members who share our passion and commitment to build new lives through construction, community engagement, and education. This year, we're aiming for every table to be full and for 100% participation in our Paddle Challenge—and with your help, we can make that happen!

As a Table Captain, you have a unique opportunity to spread the word and bring together your friends, family, and colleagues to support a cause you care deeply about, while enjoying a memorable and fun evening. Your leadership in filling your table with enthusiastic supporters will truly make a difference in the success of the event.
