# Construction Projects

Each construction project HomeAid takes on has a Builder Captain. Builder Captains provide the leadership and direction to complete a project envisioned by the nonprofit partner. Builder Captains rally the support of their sub-contractors and trade partners, suppliers, and manufacturers to bring in-kind donations of labor and materials to complete the project, thus minimizing the overall costs. Nonprofits can instead allocate their funds to life-changing services and programs rather than construction costs. Thanks to individuals' unrestricted donations throughout the year, HomeAid can often close the gap between what is donated and what the construction project costs.

## Alive! House

The construction project for Alive! House, a three-story home for young mothers in Alexandria, VA, resulted in \$107,739 in savings on labor, time, and expertise—97% of the total project savings. Led by **Builder Captain Richmond American Homes**, the renovation transformed the 1,200-square-foot space into three distinct housing units while enhancing the Alive! staff office to include a dedicated entrance and private half bath. The home was upgraded with luxury vinyl plank flooring, new door hardware, and revitalized kitchens and bathrooms featuring modern fixtures, countertops, cabinets, and appliances. Structural improvements included roof repairs, reglazed bathtubs, fixed windows with new locks, and a fully restored HVAC system for year-round comfort. To better serve young families, HomeAid also added a first-floor storage space for strollers and car seats, maximizing living space upstairs.

## Operation Renewed Hope

HomeAid partnered with **Builder Captain Christopher Companies** to renovate Operation Renewed Hope's single-family home, expanding its capacity to better serve veterans transitioning out of homelessness. The renovation increased the number of bedrooms from three to five and bathrooms from 2.5 to 4.5, ensuring greater privacy and comfort for residents. A kitchenette and egress were added to the basement, creating a private, independent living space while maintaining a sense of community. Upgrades included fresh flooring, new appliances, and a bright, modern aesthetic, all designed to enhance functionality and adaptability. This 2,000-square-foot project saved Operation Renewed Hope \$142,426.36—93% of total renovation costs—while providing a dignified, inspiring home for veterans on their journey to stability.

## Peace House

HomeAid partnered with **Builder Captain The Knutson Companies** to remodel this single-family home, enhancing both its interior and exterior. The 1,056-square-foot project included a new HVAC system, modernized bathrooms, fresh paint, updated lighting, and a fully renovated kitchen with new appliances. The laundry room was improved for efficiency, while exterior stairways and windows were repaired for safety. The kitchen also underwent a complete remodel including brand new appliances. These thoughtful upgrades saved Good Shepherd of Northern Virginia \$118,465, allowing them to continue providing a welcoming sanctuary for the families they serve.

## Mary's House of Hope

HomeAid partnered with **Builder Captain Lennar** to revitalize a 2,496-square-foot home which will serve women and their teenage son(s). Upgrades included new kitchen and bath countertops, fresh paint, updated lighting, and elegant LVP flooring on the second floor. Outside, Lennar enhanced the outdoor space, repaired the ramp, and added lighting for safety and foster connection. This project, with a total donation of \$20,889, made a lasting impact on those in need.

## Groundbreaking

In partnership with Habitat DC-NOVA and Arlington County, HomeAid's **Builder Captain, Toll Brothers** will redevelop the historic Reevesland Farmhouse located in Arlington, VA to accommodate adults with intellectual disabilities and their caregivers. A new, historically compatible wing will be added to accommodate 5-6 residents and 1-2 caregivers, and the existing farmhouse will be restored and renovated to meet the needs of the Core Members of L'Arche of Greater Washington.

# President's Circle Awards

The President's Circle Awards recognize companies and individuals whose contributions have significantly improved and advanced HomeAid National Capital's mission.

The recipients of these awards are acknowledged for their commitment and dedication to improving the lives of those experiencing or at risk of experiencing homelessness.

**Presidents' Circle Award:**  
Gary Chandler

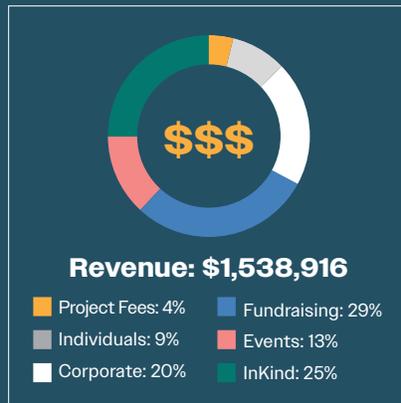

**Trade Partner of the Year:**  
Capital Mechanical, LLC

**Nonprofit Project of the Year:**  
Alive!

## Financials

In 2024, HomeAid was able to provide an average cost savings of 93 percent to our nonprofit Partners. These savings have enabled our partners to redirect critical funding into housing, financial education, job skills training, and other critical programs that help individuals and families move out of crisis and toward self-sufficiency. Our fundraising events and the generous in-kind donations we receive sustain our work throughout the year and make it possible for us to continue helping those most vulnerable in our community.

# Community Outreach

## Builders for Babies

In a remarkable display of generosity, 33 companies and 118 online donors collected 778,819 diapers and wipes for those in need. These donations were distributed to 37 nonprofit partners supporting vulnerable communities throughout Virginia and Washington, D.C., providing essential services to families facing homelessness or hardship. The generosity of donors and volunteers has greatly impacted the ability of these organizations to care for babies and toddlers, helping them stay clean, dry, and healthy. The success of this effort was made possible by the dedication of over 70 volunteers who donated their time to sort, count, and deliver the diapers and wipes.

**Special thanks to:** Van Metre and Beazer Homes for their generous grants, which helped ensure the success of the Builders for Babies Diaper Drive, providing crucial support to families in need.

## Home Essentials

The Home Essentials program offers essential items such as new bedding, small kitchen appliances, and bathroom supplies to individuals and families transitioning into housing. By providing these necessities, the program puts the finishing touches on HomeAid's construction projects and enables our nonprofit partners to better support those moving from homelessness into stable homes.

In 2024, Groupe, K. Hovnanian Homes, Lennar, Miller and Smith, Mosaic Tile, Sun Design, and Stanley Martin Homes contributed to the cause, collecting 276 household goods valued at \$4,153 in in-kind contributions.

## Care Days

In 2024, we were thrilled to host six Care Days, during which 93 volunteers came together to lend their hands and hearts to local HomeAid nonprofit partners, including Cornerstones, Alive!, Catholic Charities Alexandria Food Pantry, and L'Arche Greater Washington. Volunteers contributed a total of 288 hours, valued at \$10,000 in services. Their work has helped improve the spaces where these nonprofits operate. Whether it was revitalizing outdoor areas, repainting interiors, or organizing supplies, the volunteers played a crucial role in creating welcoming environments for individuals in need.

**A heartfelt thank you goes out to the following companies that made these volunteer service days possible:** NVBIA Future Leaders, Peterson Companies, Thompson Greenspon, Forestar, and the George Mason University Masters in Real Estate Development Alumni group. Thank you for making a difference in the community.

## Project Playhouse

HomeAid, along with our partners at The Knutson Companies and Stanley Martin Homes, believes that every child deserves a safe place to play and just be a kid, no matter their housing circumstances. That's why, in 2024, we built two custom-made playhouses for nonprofit partners: Good Shepherd – Peace House and Cloverleaf Equine Center. These playhouses will provide a space where children can create, imagine, and explore with their peers, fostering joy and connection in their lives.

## Turnover Program

HomeAid fully funded three Turnovers, replacing carpet in affordable housing units with durable, easy-to-clean luxury vinyl planking (LVP). Each unit also received a fresh coat of paint, ensuring the spaces were quickly refreshed and ready for the next individual or family to move into a healthy, dignified home. Thanks to this program, our nonprofit partners are able to move a new family in quickly and redirect the money they saved on flooring and paint to programs and services for those experiencing homelessness.
